

SUPPLEMENT 1-1

TO

Actions for the Pallinup: Middle Pallinup Floodway Condition Survey

Report prepared by Steve & Geraldine Janicke for NSPNR November 2017

Pallinup River 2001-2017 Photo Audit Comparison

Images PAL018 - PAL040: Downstream of Tambellup-Gnowangerup Road

Tambellup - Gnowangerup Rd to Chester Pass

The initial reconnaissance was undertaken by Steve Janicke and Travis Drysdale. The 2017 Photo Point Audit was undertaken by Steve & Geraldine Janicke. The information was used to make an assessment about the general ecological condition of the river and what management issues were relevant. The photo audit provided a rapid assessment that could be repeated at a later date to track changes in the river condition. Several sites were revisited after a moderate flood that same year and this confirmed that the photo points could provide a valid measure of environmental change.

Chester Pass Rd to Beaufort Inlet

The reaches from Chester pass Rd to Beaufort Inlet were also inspected, but no systematic data was collected. A general observation was that the riparian condition along the downstream half of the river was better than in the upper catchment.

Label description

Photo Point ID	Date	Easting	Northing
